EXPLANATORY NOTES

1. Depreciation Policy: Calculated on a straight-line basis for the 9-month inception period (October 2025 to 30 June 2026). Useful lives applied: Computers (3 years), Furniture, Fixtures & Fittings (5 years), Office Equipment (5 years), and Software (5 years). Furniture, Fixtures & Fittings is confirmed at GH₵7,450.00, per the signed Asset Transfer and Capital Contribution Agreement dated 1 October 2025, comprising an Office Table Set, 10 Foldable Chairs, a Plastic Table, a Desk Files Tray, and 6 Branding Banners. This gives depreciation of GH₵1,117.50 for the period.
2. Rental Advance: The Founder contributed a 24-month (2-year) rent advance for the office hall at Franco Estates, at GH₵2,000.00 per month, valued at GH₵48,000.00 in total. Rent Expense (9 months utilized, October 2025 to June 2026) = GH₵18,000.00. Prepaid Rent (remaining 15 months) = GH₵30,000.00, recognized as a current asset.
3. USD Account Translation: The Zenith Bank USD account shows an opening balance of $50.00 and total charges of $18.00, leaving a closing balance of $32.00. This is translated at the reporting-date rate of GH₵11.20 per US Dollar, giving GH₵358.40.
4. GHS Account Balance: The Zenith Bank GHS account closing balance as at 30 June 2026 is GH₵59.88.
5. Founder's Capital Contributions (Restated): For consistency, both forms of the Founder's contribution — the in-kind asset contribution (GH₵27,950.00, at cost, per the signed Asset Transfer and Capital Contribution Agreement dated 1 October 2025) and the cash contribution (GH₵13,897.88) — are recognized under Accumulated Fund & Capital, rather than recording the cash portion as Income as in the prior draft. The GH₵13,897.88 cash contribution comprises GH₵13,278.00 of direct operational funding plus GH₵619.88 of initial bank account opening deposits (GH₵560.00 USD-equivalent and GH₵59.88 GHS).
6. Correction History: An earlier draft of this Trial Balance temporarily misstated Furniture, Fixtures & Fittings at GH₵2,500.00. This has been corrected back to GH₵7,450.00 to match the signed Asset Transfer and Capital Contribution Agreement of 1 October 2025, which itemizes multiple furniture and fixture items (not fittings alone) totalling that value. All dependent figures — accumulated depreciation, depreciation expense, Founder's Capital Contribution, and the Trial Balance total — have been recalculated accordingly.
7. Related-Party Disclosure: Of HEF-GH's total recognized resources for the period (Accumulated Fund & Capital of GH₵41,847.88 plus Income of GH₵67,832.61, totalling GH₵109,680.49), approximately GH₵89,847.88 (c. 82%) was contributed directly or in-kind by the Founder, Rev. Francis Kofi Takyi Adams — comprising the asset contribution, cash contribution, and in-kind rental

contribution. This related-party concentration is disclosed here in accordance with standard non-profit financial reporting practice and HEF-GH's Financial Management Policy, and should be similarly disclosed in HEF-GH's audited financial statements.

8. HROOP Phase 2 In-kind Support: Records the non-cash portion of resource mobilization for HROOP Phase 2. The total verified value was GH₵9,289.61, of which GH₵965.00 was cash (included within Programmatic Cash Expenses, Note 7) and GH₵8,324.61 was in-kind (educational books, food, etc.), recognized here as both in-kind income and a corresponding in-kind distribution expense.
9. Programmatic Cash Expenses: Per management instruction, all cash donations were fully utilized. This total of GH₵24,786.00 represents the Founder's operational fund (GH₵13,278.00) plus all public cash donations (GH₵11,508.00), expended on school outreaches, EVESTA, and orphanage missions, including the GH₵965.00 cash component of HROOP Phase 2 referenced in Note 6.
